Inamullah Mahar

Computer Science student @ Sukkur IBA University • Java
Developer

Sukkur, Sindh, Pakistan

Summary

Inamullah Mahar, a Computer Science student at Sukkur IBA University, is currently pursuing his degree under the Sindh Talent Hunt Program (STHP) scholarship. He has gained proficiency in Java, C++, Android App Development, and Git, along with a strong foundation in Calculus. Demonstrating leadership skills, he served as a group leader in his OOP Lab, where he earned a certificate. An avid chess player, Inamullah developed a fully Java-based, user-friendly chess game called Chess-Mate as a college project, showcasing his programming and game design skills. Additionally, he is a strong communicator, with excellent communication skills that enhance his ability to work in teams and present ideas effectively.
